

Quality Policy Statement

The Wastepack Group is an organisation, which operates within the field of regulatory compliance. The Wastepack Group is committed to providing support services that are safe to the environment, the public and to our clients in order to provide a commercial approach to recycling and the safe disposal of waste.

Wastepack is firmly committed to meeting or exceeding our customer's expectations both in terms of the support services it provides and in the manner in which it provides those services.

This aspiration will be achieved through a policy of understanding the customers' needs and expectations, coupled with the total involvement and commitment of all personnel to provide continuous improvement throughout all of the company's endeavours.

Systems, processes, and procedures employed by Wastepack will ensure that compliance with appropriate legislation, industry standards and customer requirements is maintained.

The means of attaining the standard set by this policy is defined in the company Quality Manual and is implemented and sustained by documented procedures and work instructions coupled with the identification and review of appropriate quality objectives.

The Company is committed to continual improvement of the quality management system. This Policy will be communicated to all staff, contractors and suppliers, and be available through the website.

A handwritten signature in black ink, appearing to read "L Cullis", is positioned above the printed name.
