

Modern Slavery Statement

The Wastepack Group is committed to preventing all forms of modern slavery throughout its operations and supply chain.

The Wastepack Group operates in the Environmental sector with its business activities being compliance schemes operating under producer responsibility legislation and other environmental legislation services, such as Plastic Packaging Tax.

The Wastepack Group is made up of the following companies: Wastepack Ltd; Recycle Wales Ltd; Electrolink Recycling Ltd; WEEE Link Ltd; Nipak Ltd; Synergy Compliance Ltd; TGBN Ltd and The Green Business Network Ltd. Our supply chain consists of UK suppliers providing direct services.

This is the first annual statement on slavery and human trafficking and has been published in accordance with the Modern Slavery Act 2015.

Due to the nature of our organisation and our direct activities we believe that we have a low risk of modern slavery. However, we are part of the waste collection and recycling sector which has a high potential risk in relation to modern slavery.

We have policies in place setting out our values and principles for all employees to follow include:

- Modern Day Slavery Policy
- Business Ethics Policy
- Equal Opportunities Policy
- Health and Safety Policy
- Environmental Policy
- Anti Corruption & Bribery Policy
- Whistleblowing Policy

Wastepack employees are encouraged to report any concerns related to modern slavery and human trafficking including our supply chain, either by via their line management or the Wastepack Whistleblowing Policy. The Modern Day Slavery policy forms part of the induction process for new starters.

The Wastepack Group has supplier approval processes in place and audit processes including checks on adherence to Modern Slavery Act when auditing our suppliers.
